

5TH EDITION OF GLOBAL
CONFERENCE OF

SURGERY AND ANAESTHESIA

Theme: Surgical Innovations Addressing Healthcare
Challenges: A Focus on Technology

Our SCIENTIFIC COMMITTEE

DARWIN ETOND
Massachusetts Institute of
Technology, United States

BRANDON LUCKE WOLD
University of Florida,
United States

PAVLOS PAPOULIDIS
University Hospitals of Leicester,
United Kingdom

THERESA P CHAING
Canada China Child Health
Foundation, Canada

LUCA RONCATI
University of Modena and
Reggio Emilia, Italy

SAGAR JAWALE
Jawale Hospital, India

Scientific TOPICS

- Orthopedic Surgery
- Otolaryngology - Head and Neck Surgery
- Minimally Invasive Surgery
- Organ Transplantation and Adaptive Immunity
- Robotics and Computer Assisted Surgery
- Laparoscopic and Endoscopic Surgery
- Surgical Techniques
- Thoracic Surgery
- Anaesthesia and Intensive Care
- Neurosurgery, Brain and Spine
- Vascular and Endovascular Surgery
- Outpatient Surgery and Imaging
- Oral and Maxillofacial Surgery
- Pediatric Surgery
- Coloproctology and Colorectal Surgery
- Gastroenterological Surgery
- Eye Surgery
- Dermatologic and Cosmetic Surgery

 **05-07**
SEPT 2024

Madrid, Spain

TENTATIVE PROGRAM

Keynote Presentations

Darwin Etond New York University Grossman School of Medicine, United States	Title: Neutrophils arteriogenesis and fibrinolysis in chronic limb threatening ischemia
Bradon Luke Wold University of Florida, United States	Title: Emerging therapies of hemangioblastoma
Theresa P Chaing Canada China Child Health Foundation, Canada	Title: Importance of dentistry's role in cleft lip/palate management
Badia Alejandro OrthoNOW, United States	Title: Post-pandemic changes in outpatient orthopedic surgery care

Oral Presentations

Darren Porras Real-Time Innovations (RTI), United States	Title: Bridging the data interoperability gap in digital surgery
Fabrizio Bonanno Polokwane Mankweng Hospitals Complex, United States	Title: Management of hemorrhagic shock: Update 2024 - the definitive classification, general anaesthesia
John R Bach Rutgers University, United states	Title: Noninvasive respiratory management of ventilatory pump failure: how and why no one needs a tracheostomy tube for only being too weak to breathe
Aya Hammad University of York, United Kingdom	Title: To stent or to operate in heart failure with reduced ejection fraction patients: A systematic review and meta-analysis stratified by left ventricular ejection fraction
Samruddhi Tagalpallewar University College London, United Kingdom	Title: Exploring barriers of entry for women pursuing surgery: Impact of a conference on the confidence, understanding, and preparedness of attendees
Khadra Galaal Royal Cornwall Hospitals, United Kingdom	Title: The surgical management of early-stage cervical cancer
De Oliveira Alessandrino Terceiro Hospital Geral de Fortaleza, Brazil	Title: Should we use endoscopic self-expandable metallic stent (E-SEMS) or endoscopic vacuum therapy (EVT) for traumatic esophageal perforations?
Katrina Mariz Comia Manalo Asian Hospital and Medical Center, Philippines	Title: Take a Look Behind: A Case of Retroperitoneal Sarcoma in a 72-year-old Filipino Female
Alaa Mohamed King Saud Bin AbdulAziz University for Health Sciences, Saudi Arabia	Title: Anesthesia safety in Wad Medani, Sudan: A pre-war status indicating a post-war crisis

TENTATIVE PROGRAM

Ramesh Aggarawal Adesh Hospital & Medical College, India	Title: A comparative study between robotic sleeve gastrectomy & robotic mini gastric bypass -which one is better?
Zeana Amer gawe Ibn Al Nafees Hospital, Bahrain	Title: Comparison between the Caudal Block and Other Methods of Postoperative Pain Relief in Children Undergoing Circumcision
Ahmed Al-Bahrani Hamad Medical Corporation, Qatar	Title: Developing a specialized Oesophago-Gastric Cancer unit in Qatar: Challenges, strategies and outcomes
Mirza Kovacevic Cantonal Hospital Zenica, Bosnia and Herzegovina, Bosnia And Herzegovina	Title: Low T3 versus Low T3T4 euthyroid sick syndrome in septic shock patients - a prospective observational cohort study
Jose R Montes University of Puerto Rico School of Medicine, Puerto Rico	Title: Tips on upper blepharoplasty

Oral Presentation slots are available

Poster Presentations

Julian Henke Emory University, United States	Title: Assessing physiologic stress in outpatient surgery with local anaesthesia
Karla Radillo Autonomous University of Guadalajara, United States	Title: Fastening the future: Surgical zip ties for enhanced wound closure and patient well-being
Trung Nguyen Dang California Health Sciences University, College of Osteopathic Medicine, United States	Title: Acute large bowel obstruction post Umbilical Hernia Surgery: A case report
Youssef Farhat Misr university for science and technology, Egypt	Title: Foreign body in lung: A case report
Eunjin Eom Incheon Saint Mary's hospital, Korea, Republic Of	Title: Recurarization after sugammadex following a prolonged rocuronium infusion for robot-assisted laparoscopic partial nephrectomy, Case report
Eunjin Eom Incheon Saint Mary's hospital, Korea, Republic Of	Title: Comparison of continuous wound local anesthetics infusion and IV PCA for ratio of acute postoperative hypertension after hepatectomy
Seunghee Cho Incheon Saint Mary's hospital, Korea, Republic Of	Title: The effect of remimazolam compared to propofol on postoperative shivering in patient undergoing cesarean section under spinal anesthesia with sedation
Mi Hu Chongqing Jiangbei Hospital of Traditional Chinese Medicine, China	Title: Associations between proteinuria severity and pregnancy outcomes in patients with preeclampsia

TENTATIVE PROGRAM

Dinghua Yu Chongqing Jiangbei Hospital of Traditional Chinese Medicine, China	Title: KLIC score for predicting unfavorable outcomes following hip replacement early acute prosthetic joint infections
Liangyan Li Dazu District Obsteric's Hospital, China	Title: Application effect analysis of personalized nursing intervention based on KANO model in patients with chronic cervicitis after hysteroscopic electrotonomy
Lan Kong Chongqing Jiangbei Hospital of Traditional Chinese Medicine, China	Title: Shear-wave elastography combined with superb microvascular imaging for evaluating histologic response in breast cancer patients receiving neoadjuvant chemotherapy
Wang Xiaoxue The People's Hospital of Tongliang District Chongqing City, China	Title: Effects of different approaches of lidocaine on decannulation cough and postoperative pain in patients undergoing gastrectomy
Liu Wenbin Chongqing University Cancer Hospital, China	Title: Associations between tumor-infiltrating neutrophils and clinical outcomes in patients with hepatocellular carcinoma undergoing surgical resection: A single-center retrospective study
Wang Qingsong The People's Hospital of Tongliang District Chongqing City, China	Title: Clinical outcome analysis of laparoscopic transperitoneal radical nephrectomy for large renal tumors
Masarat-ul Gani GMC Srinagar, India	Title: Clinical profile, surgical management and outcome of bronchial carcinoids - a single centre experience
Sardor Kh. Ibragimov Republican Specialized Scientific and Practical Medical Center for Surgery named after academician V.Vakhidov, Uzbekistan	Title: Exploring the impact of Ulinastatin on ICU mortality in post-abdominal surgery sepsis
Sardor Kh. Ibragimov Republican Specialized Scientific and Practical Medical Center for Surgery named after academician V.Vakhidov, Uzbekistan	Title: Optimizing acid-base balance in the ICU: A comparative study of sodium bicarbonate and trometamol in managing mild metabolic acidosis post-abdominal surgery
Sardor Kh. Ibragimov Republican Specialized Scientific and Practical Medical Center for Surgery named after academician V.Vakhidov, Uzbekistan	Title: Cardiopulmonary resuscitation after cardiac surgery: an eight-year study
Yerik Zuparov National Research Cardiac Surgery Center, Kazakhstan	Title: Maintaining cardiac output in swine post-heart transplantation: Efficacy of an anesthetic protocol

Poster Presentation slots are available
